

Accessibility Declaration for eden-cohen Portfolio Website

At eden-cohen, we are committed to ensuring accessibility and inclusivity for all users who visit our portfolio website. We adhere to the Web Content Accessibility Guidelines (WCAG) 2.1 level AA standards to provide an accessible and user-friendly experience. Our goal is to create a seamless environment, allowing individuals with disabilities to navigate, interact, and access information effectively.

Implemented Accessibility Features:

1. **Keyboard Accessibility:** Our website is designed for full keyboard navigation, ensuring users who cannot use a mouse can access all content and functionalities.
2. **Clear and Consistent Layout:** We maintain a clear and consistent layout across all pages, aiding users in understanding and predicting the placement of various elements.
3. **Alternative Text:** Non-text elements, such as images and graphics, are accompanied by descriptive alternative text (alt text) to convey their purpose or content. This assists users relying on screen readers or assistive technologies.
4. **Color Contrast:** We adhere to WCAG contrast standards for text and background colors, enhancing readability for users with visual impairments.
5. **Headings and Structure:** Proper HTML heading tags (H1-H6) are employed to organize content hierarchically, facilitating interpretation for screen readers and assistive technologies.
6. **Focus Indicators:** Interactive elements feature visible focus indicators, aiding users in identifying their current location and navigating through the website.
7. **Skip Navigation:** A "Skip to Content" link is provided at the beginning of each page, enabling users to bypass repetitive navigation and access the main content directly.
8. **Descriptive Links:** Hyperlinks use descriptive and meaningful text, providing users with an understanding of the link's destination or purpose without relying solely on its context.
